

Spatial T-cell and dysfunction scores in SCLC tissue

GSE263196 · actual Visium H&E tissue images · 15,632 in-tissue spots · score colors clipped to pooled 2nd-98th percentiles

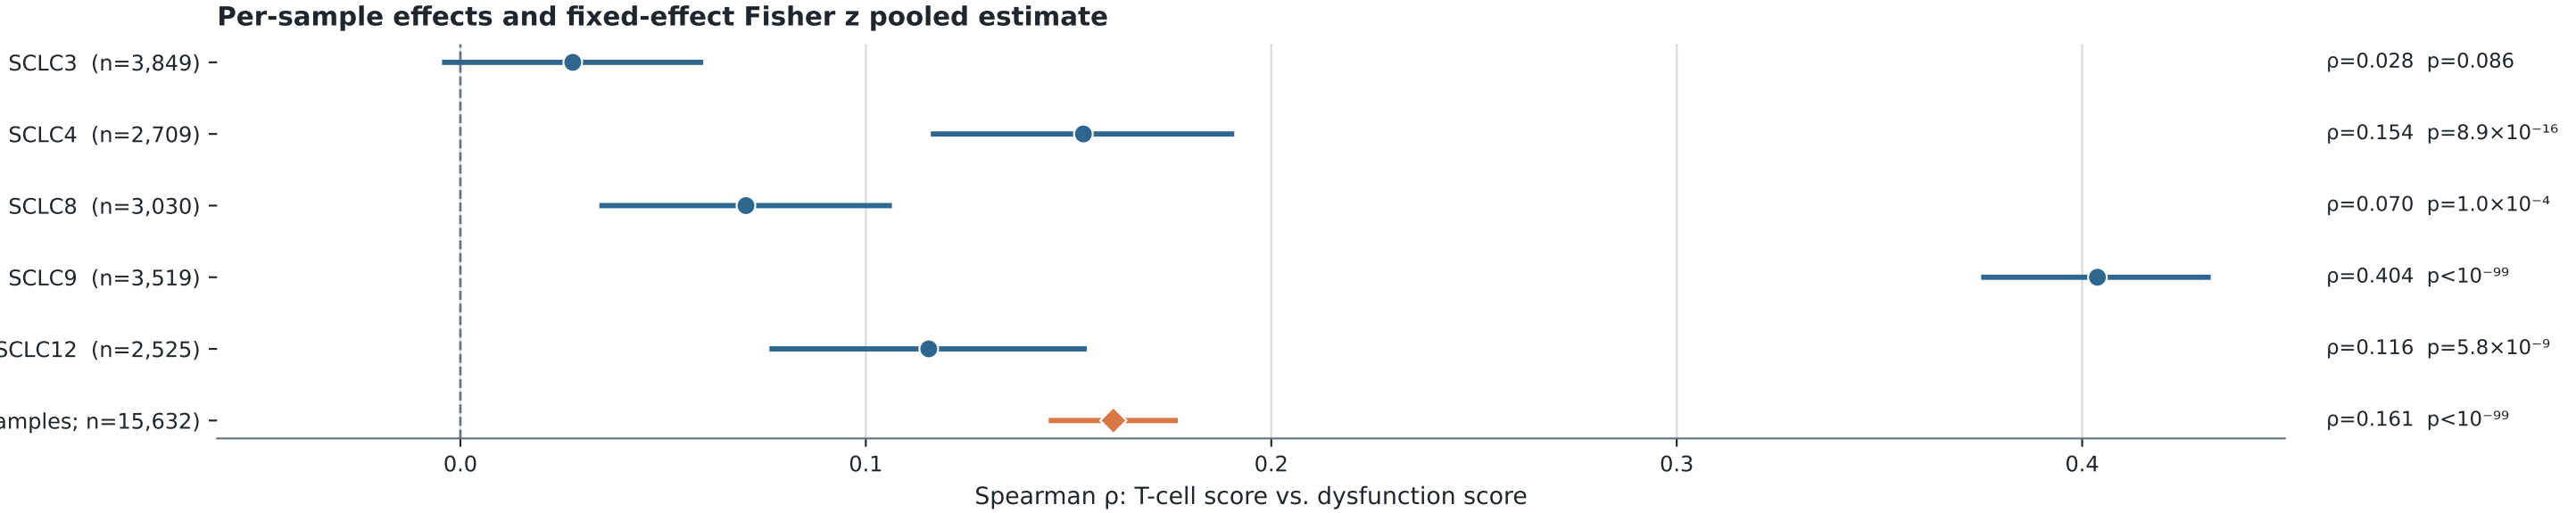

A T-cell identity score

B Dysfunction score

C Validation effect

Scores: log-normalized Visium expression; T-cell markers and pre-registered dysfunction markers defined in spatial_validation.py. Tissue images: NCBI GEO GSE263196.
